

## FOOTPATH WARDENS REPORT

Mountfield Parish Public Rights of way report April 2026

Mountfield is a wonderfully peaceful Parish to take a walk.  
As your footpath wardens we walk the paths regularly as do the Local Ramblers group's.  
I was proud last September to lead a circular walk for the High Weald Walking Festival .

We've recently reported a tree across footpath 11b- MOU 11/2 this is down the slope past the old Greenhouse just before the bridge.

Thanks go to Mark Wyatt from Banks Farm who last September cleared fallen trees completely blocking the footpath going up to his farm and reported broken rails on the bridge to The Rights of Way Team.  
Which have now been replaced.

We're pleased to say, after the new planting last year the path is recovering nicely with a new gate in place for access through.

The Old Greenhouse development seems to have come to a halt for the moment but the adjacent footpath is fine.

We haven't had any requests to go check anything out during the year.  
We have reported a couple of wobbly stiles that have now been made more stable .
